MORE INFORMATION

London, 1889.....

Behind the doors of 221B Baker Street, Sherlock Holmes and Dr John Watson solve the most befuddling, prestigious, glamorous, and exciting cases the public has ever seen, turning themselves into legends in the process.

Across the street and slightly to the left, behind the doors of 224B, lives another pair of detectives, waiting for their chance in the spotlight. And when Holmes and Watson leave town on a case, and a woman shows up at their doorstep in dire straits, that very chance appears...

A comedy about rivalry, friendship, fame, and occasionally about solving mysteries, FAWX & STALLION brings the detective team living in the shadow of Holmes and Watson into the spotlight--for better and for worse!

Reviews

"The incredible RANGE that Ian and @lauren_grace_t's comedy writing has makes them most underrated duo in fiction podcasting. @224BBaker is an important reminder that you can make a historical comedy with queer folks and maintain the balance between reality and humor

-Newton Schottelkotte

"Thoroughly enjoyable listening, wonderful, colourful characters who I love already. If you enjoyed @OvercoatsWooden or @MadameMagentaUK then can recommend you listen to this"

-@twigletsaregreat

This is everything that made @vanishingpod, with the grounded absurd appeal of shows like @Victoriocity and @LandWhalePod...23 minutes of wit and wit and wit, with comedy and intrigue and social commentary baked in."

-Ester Ellis

"Do you like mysteries, frivolity, murder, and hijinks?! OF COURSE! The absurd flavor of The Vanishing Act, their last project, is definitely present here, but the story couldn't be more different, and the cast is STELLAR top to bottom. Cannot wait for more!!"
